

1.6.2 True or False

This tutorial explores the True or False question type for quizzes. This tutorial assumes you are completing **Tutorial 1.6.1 step 3** and have selected True or False .

STEP 1

Type in your question and select if it is true or false. Assign the grade points and select **Save** when done.

The screenshot shows a form for creating a True or False question. At the top, there is a dropdown menu set to "True or False" and an "Options" link. Below this is a "Question Text *" field, which is empty. Underneath is the "Answers *" section, containing two radio button options: "True" and "False". At the bottom of the form is the "Points *" field, which contains the number "1". Red arrows point to the "Question Text" field, the "Answers" section, and the "Points" field. At the very bottom, there are "Save" and "Cancel" buttons.
