

1.7.2 Manage Dates

Manage dates can be a helpful feature if you are planning your course well in advance and have uploaded many files set to be released throughout the semester. It shows you all your start and end dates in a table format.

STEP 1

Navigate to **Course Admin --> Manage Dates** from the Avenue homepage. You will be able to see each item you have created in **Avenue**, its date restrictions, and if it is visible to students. Select the **drop down** arrows to edit dates for specific items.

The screenshot displays the 'Manage Dates' page. It includes a filter section with 'All' selected and options for Assessments, Assignments, Content, Discussions, Grades, Quizzes, and Surveys. Below the filters is a table with the following data:

Type	Name	Due Date	Availability		Other Dates		Visibility Status
			Start Date	End Date	Start	End	
<input type="checkbox"/> Grade Category	2018	N/A	-	-	-	<input type="checkbox"/>	<input type="checkbox"/> Visible
