

2.3.1 Creating Tabs in Teams

Tabs can be made for different applications that can all be seen within teams. Students will not have to go outside of Teams. Links to MacVideo, To-Do Lists, Files, Wikis, OneNotes and more can be added into a channel through tabs.

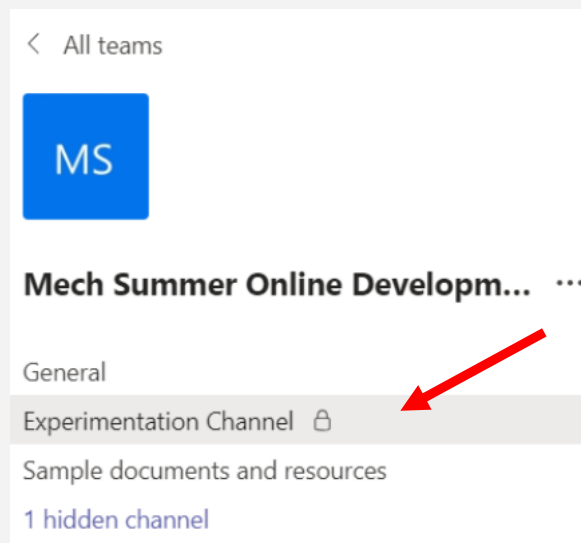

STEP 1

Open the team in which you want to make a tab

STEP 2

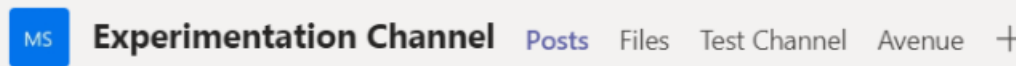

Select the channel that you want to add a tab to

2.3.1 Creating Tabs in Teams

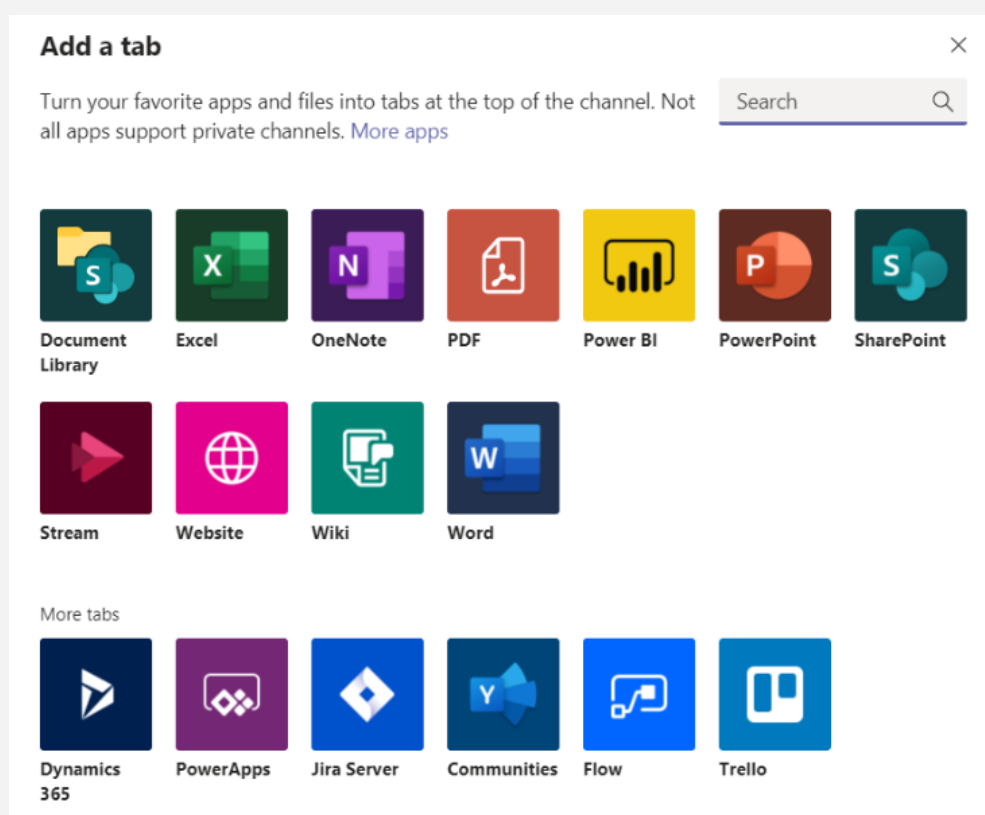

STEP 3

Click the '+' sign in the top of the channel

STEP 4

A pop up window will appear showing the list of available applications to add to your tab

The most useful tabs will be explained in further tutorials
